

ASEA®

RENUAdvanced® Skin Care System

**Your skin's true potential,
Powered by Redox™**

Your skin's health starts at the cellular level, which is why our RENUAdvanced Skin Care products tap into years of redox research to help your skin's cells perform optimally. ASEA's Powered by Redox formulas leverage the same redox principles our proprietary cell signaling technology is built on. However, instead of creating new redox molecules, we specifically select pre-existing ingredients that support your skin's natural redox homeostasis—leaving you with hydrated, nourished, ageless, better-than-ever skin.

A simplified skin care regimen

Your skin care doesn't have to be overwhelming to be incredibly effective.

ASEA's RENUAdvanced Skin Care System is here to make the process easy. Every product is formulated based on our science-backed redox principles, with safe and healthy ingredients you can count on. Since it's only four steps, it fits into even the busiest routine.

The best in skin care, for the brightest you

Now, your skin care system can be your not-so-hidden superpower. Because, with a little help, your skin knows just how to dodge any dulling effects of time, stress, and pollution. Our RENUAdvanced Skin Care System is here to do just that, helping you look and feel your absolute best. The simple four-step process is Powered by Redox to pack incredible science and stunning results into your daily regimen.

- Helps support the skin barrier function for more resilient-looking skin.
- Helps maintain balanced skin hydration for beautiful skin.
- Helps reduce the look of fine lines and wrinkles for youthful skin.
- Protects the skin from environmental stressors that may cause dry skin.

Supercharge your skin's renewal

Kickstart the power your skin already has within it. Your cells naturally move through a cycle of rejuvenation, restoration, and renewal supported by redox—and this balance helps your skin continue to look and feel vibrant. Unfortunately, over time, this process slows, often resulting in fine lines, wrinkles, or dulling. Our RENUAdvanced Skin Care System helps your skin cells maintain redox homeostasis and complete this cycle optimally, supporting your natural skin renewal, so your skin feels toned and smooth—and glows radiantly.

We power potential™

Revitalizing Redox Gel
(sold separately)

Scientifically proven and ready to supercharge your skin

RENUAdvanced products specifically use thoughtfully formulated and scientifically proven ingredients to help your skin cells do what they were born to do: look agelessly amazing.

- *Beta vulgaris* (Beet) Root Extract delivers long-lasting hydration and helps to maintain the natural skin barrier for radiant skin.
- *Leontopodium alpinum* Flower/Leaf Extract helps protect and soothe skin sensitivity
- Hydroxyacetophenone serves as a soothing agent.
- *Annona cherimola* Fruit Extract helps calm and re-energize the skin.
- *Nicotiana benthamiana* Hexapeptide-40 sh-Polypeptide-2 helps to even out skin tones that are visibly photoaged.
- Apigenin from *Chamomilla recutita* (Matricaria) Flower Extract is a compound found in chamomile and known as a skin soothing agent.
- *Crithmum maritimum* Extract, commonly known as sea fennel, supports skin's natural exfoliation process.
